21km Course Description

From the start follow the directions along the Baroon Dam road and then turn left into the carpark and onto the 'Great Walk' Trail. You will follow this trail for approx. 10km, then you will come to the Kondalilla Falls circuit. Veer left and follow the trail up to the top and out to the Kondalilla Falls carpark. This is CP1.

From CP1, head up along Kondalilla Falls Rd, following the Sunshine Coast Great Walk route, turning left onto the footpath along Montville-Mapleton Rd. Stay on the path and turn left onto Flaxton Mill Rd. Continue along this road for approx. 1.5km. Turn right onto the trail towards Baxter Creek Falls (signed). Following the signage, descend into Baxter Creek Falls. The creek crossing is by way of a suspension bridge.

Take Note:

The suspension bridge is strictly limited to a maximum of 2 persons at a time. This is both a condition of the National Park and of our permit.

After crossing the bridge, ascend from the falls, continuing on the trail until you emerge from the bush onto a sealed road (Suses Pocket Rd). Turn right and head up the road, straight on through the gate. At the top turn right onto the footpath along Obi Obi Rd. Continue for 1.5km back to the finish at the QCCC .

Highlights:

Be sure to look towards Baxter Creek Falls as you cross the bridge and take in the sounds of sub-tropical rainforest. Keep an eye out for Bax the Troll.

CONGRATULATIONS, YOU HAVE JUST COMPLETED THE BLACKALL21.
